PROFESSIONAL SUMMARY

Web Developer skilled in MERN stack, AWS, Docker, and Kubernetes. Experienced in developing and deploying secure full-stack applications with cloud and containerized environments. Certified AWS Solutions Architect – Associate with proven ability in software engineering, system deployment, and web technologies.

TECHNICAL SKILLS

Frontend: React.js, HTML, CSS, JavaScript, Bootstrap

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Cloud & DevOps: AWS (EC2, S3, Lambda), Docker, Kubernetes, Render, MongoDB Atlas

Version Control: Git, GitHub

Tools: Visual Studio Code, Postman, Linux, Agile

EDUCATION

Master of Engineering in Software Engineering – Carleton University, Ottawa, Canada (2023–2025)

Bachelor of Engineering in Computer Science – Gujarat Technological University, India (2019–2023)

CERTIFICATION

AWS Certified Solutions Architect – Associate

EXPERIENCE

Customer Service Desk Associate – Walmart, Ottawa, Ontario, Canada (Nov 2024 – Present)

Handled customer service operations and resolved inquiries efficiently.

Lecturer – KPGU, Vadodara, India (Aug 2023 – Dec 2023)

Delivered lectures on computer science fundamentals and web technologies.

Web Developer Intern – Royalsoft Solutions, Vadodara, India (Jan 2023 – Apr 2023)

Developed responsive web interfaces using HTML, CSS, and JavaScript. Supported backend development using Node.js and Express.

PROJECTS

Airbnb Clone (MERN Stack) – [Live Demo](#)

Built and deployed a rental application using MongoDB, Express, React, and Node.js. Implemented authentication, authorization, Mapbox integration, and review features. Deployed on Render with MongoDB Atlas.

Cloud and DevOps Mini Projects (AWS, Docker, Kubernetes)

Deployed static websites using AWS S3 and hosted dynamic sites on EC2. Created and managed Docker containers. Configured Kubernetes clusters for learning and automation practice.

GitHub Portfolio Projects – github.com/Rishi-Cs-ms

Tic Tac Toe, Rock Paper Scissors, Simon Says Game, Spotify Clone, and JavaScript mini projects showcasing frontend and logical design skills.
